The new role of **Director of Finance & Operations** (DF&O), which has been created in response to Create's recent and anticipated growth, reports directly to the Chief Executive (CE). Create

Create is the UK's leading charity empowering lives through the creative arts.

We know that unleashing creativity ignites imaginations, develops confidence and builds relationships. Like setting off a firework, our professional artists light the touch paper and our participants discover new found self-belief and a desire to try more, do more and be more.

We put our ambition into practice by working with seven groups of vulnerable people: young patients; disabled children and adults; young and adult carers; schoolchildren (and their teachers) in areas of deprivation; vulnerable older people; young and adult offenders (and their families); and marginalised children and adults.

We're a national charity that champions local priorities by collaborating with our partners to tailor every project to each individual's needs. Everything we do is rigorously evaluated because we're passionate about providing inspiring and empowering creative experiences that have a lasting impact.

We know from experience that drama can build an isolated young carer's self-esteem, that storytelling can strengthen the bond between a young offender and the loved ones waiting for him at home and that music can help ease the anguish of a parent of a child with a life-limiting condition.

One spark of creative energy opens up a world of positive opportunities. Create lights that spark.
